### **Public Notice**

#### **PUBLIC NOTICE** CITY OF NEW ROCKFORD IMPORTANT INFORMATION **ABOUT YOUR DRINKING**

WATER The City of New Rockford Did Not Meet Monitoring/Reporting Requirements for Chlorine/ Chloramine Residuals The City of New Rockford is required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards Records show that the City of New Rockford did not collect/ report the required number of chlorine/chloramine residual samples that were to be taken at the same time and location as total coliform samples for October - December 2022; therefore, cannot be sure of the quality of

our drinking water. Please share this information with all other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

There is nothing you need to do at this time; however, as our customer, you have the right to know what happened and what we are doing to correct this sit-

The City of New Rockford regrets that an error in meeting monitoring/reporting ments of the Stage 2 Disinfectants/Disinfection Byproducts Rule occurred. It is recognized that a complete monitoring program is of great value in making certain that safe drinking water is provided to all customers.

Steps have been taken to ensure that adequate monitoring/ reporting will be performed in the future.

This letter is in conjunction with the previous Public Notice you received in December. The City of New Rockford is required by the state to send out a notice for missed bacteriological samples which trigger a chlorine reporting violation. One missed bacteria sample leads to two violations in essence. One notice is to be sent out at the time of the violation and one at the end of the quarter which is this Public Notice.

For more information, please contact: Becki Schumacher at 701-947-2461.

#### 2023 SPRING LIGHT GOOSE CONSERVATION ORDER February 18 - May 14, 2023 — Statewide

• Resident hunters must have a current hunting certificate, a small game license if ages 16 and older, and a general game and habitat license (or combination license). Note: 2022-2023 licenses expire on March 31, 2023.

Nonresident hunters must have a 2023 nonresident spring light goose license (\$50.00). This license enables nonresidents to hunt statewide for the entire duration and does not affect their eligibility to purchase a regular nonresident waterfowl hunting license for the fall

All 2023 Spring Light Goose Conservation Order hunters must register with the Harvest Information Program (HIP). HIP registration for ND can be obtained with license purchases through the Department's website. HIP registration for this conservation order is also valid for fall hunting.

The Federal Waterfowl Stamp is not required for the conservation order.

Only light geese may be taken. Light geese include snow geese, blue geese, and Ross's geese. They may be taken statewide from February 18 thru May 14, 2023. There will be no daily limit or possession limit on light geese during the conservation order

and shooting hours will be from 1/2 hour before sunrise to 1/2 hour after sunset. Electronic and recorded calls, as well as shotguns capable of holding more than 3 shells,

may be used to take light geese during the conservation order. All Waterfowl Rest Areas designated for 2022 are open during the conservation order.

Non-toxic shot is required for hunting light geese.
